

2018

ANNUAL REPORT

YOUTH LIFE FOUNDATION OF RICHMOND

DEAR TEAM,

Since I started sending out updates and newsletters back in 2002, I have addressed my correspondence as “Dear Team.” As a former athlete who played all team sports, the significance and truth of team is a deep one for me. Through the years, as people have heard about my seventeen-year journey with the Youth Life Foundation of Richmond (YLFR), I get really uncomfortable when glory for the organization begins to shift my way. Just as an athlete knows that it takes a team to win championships, I know that it has taken a team to start and run YLFR.

In so many ways, YLFR should not have been started by a risk-averse person like me, and it should not have continued with an executive director who came back and was only able to be part-time since I was raising my three girls. The head of this team, God, has been the one who has made it possible for YLFR to begin, and He has sustained YLFR through seventeen years of existence. He is faithful!

God has also provided an amazing staff to walk alongside me. Without them, the day-to-day activities of YLFR simply could not happen. I have been in each role at one point or another, and I can honestly tell you that the staff members we have in place now (director of operations, volunteer coordinator, program directors and teachers) do everything better than I ever did in those roles!

Our board of directors has always been dedicated to self-sacrificial giving—both in terms of finances and time. Our current board governs YLFR well and makes sure that we steward our resources to the best of our abilities, so that YLFR can have a strong and sure future.

To develop
leaders by
making long-term
investments in
children from at-
risk communities.

MISSION

Our financial partners are generous and creative. YLFR would not exist without our financial partners. They allow our staff to be able to be fully invested in the lives of our students and their families on a daily basis. I marvel at the doors our partners have opened up for us in pointing us to grants, fundraising opportunities, and other creative ways to raise the money that we need to keep YLFR going. The latest blessing has been people using Facebook to raise money for us on their birthdays. We are thankful for every individual, church, business, foundation and civic organization that gives to YLFR!

In the same way our volunteers are a vital part of YLFR. Our weekly mentors invest their time in our students so that the lesson plans, which our teachers develop, can be executed well. It is invaluable that our students have one-on-one instruction and attention. I marvel as I see mentors come back year after year and start spending time with students outside the center by taking them out for ice cream or by bringing them to church. Every spring, our mentor volunteers also raise funds for our summer program by giving personally and/or asking their friends and family to invest in the lives of their mentees.

We have other volunteers who will run a middle school elective, help with our high school Powered for Life program, and serve during our Vacation Bible School week. We have churches, schools, and businesses that will do a day of service to provide a cookout or to paint and clean our centers.

We also have volunteers who give of their time to make sure our events run well. Whether it is I Have a Dream, our YLFR Christmas dinner or our Darrell Green Golf Classic, we are so thankful for people who realize the giftings, talents and contacts they have and are willing to give of their time to bless our families or help raise the money needed to run our programs.

As you can see YLFR has a clear captain (God) and a diverse team of players who keep us going and make us who we are today. You are an important part of that team! I encourage you to keep giving, to keep serving, and to keep thinking of ways to become even more involved in YLFR in the coming year. Thank you so much!

Southwood Learning Center

Kimberly

In June of 2018, Ms. Jackie met Kimberly at E.S.H. Greene Elementary's Community Day. Kimberly was thrilled to hear about Southwood Learning Center and wanted to join on the spot. When her mom hesitated and said that she tends to give up too easily, Kimberly promised to stick with the program. She signed up then and there.

A year later, Kimberly has been a wonderful addition to our Learning Center. One of four third-graders at Southwood, she consistently maintains a positive outlook on everything and is a diligent student. Take one look at Kimberly, and you will likely be met with a cheery grin and upbeat attitude.

When it's time to hit the books and tackle homework, Kimberly cracks at it head-on with determination and ease. She has been on Scholar Roll all year (and all of her academic life, we presume). Kimberly's knowledge goes well beyond academics, as she keeps Ms. Jackie on her toes when asking questions about the Bible.

She is also the type of friend any child would want to have. Tender-hearted and inclusive, it is said that Kimberly will often keep another classmate or friend company when she finds them sitting alone at school.

Friendly yet competitive, she enjoys playing volleyball and soccer during recess. Kimberly carries her metallic purple soccer ball all day at school so she can kick it around with other students during Learning Center recess.

When facing a conflict with another student, Kimberly handles it with sensitivity, kindness, and honesty. She often has a word of encouragement

Kimberly training for the annual Fun Run

Kimberly (right) reading a poem at I Have a Dream

and love for other students when they are feeling down or frustrated. At the Learning Center, Kimberly is always eager to help, whether handing out snacks, holding doors, or anything else with which she can assist Ms. Jackie and Ms. Brianna.

It is truly a privilege to have Kimberly in our Learning Center family and we are grateful she has stuck with us.

Leon Prescod in 2019

The Prescod Family

One significant part of the Youth Life program is long-term partnership with families. Ms. Alexa Prescod is the mother of six Youth Life students through the years: Junior, Cynthia, Alex, Leon, LenNexus, and Lionell. The Prescods started attending the Highland Park Learning Center back in 2008, and they have experienced the full scope of what Youth Life has to offer. They later moved and transferred to the Delmont Learning Center, eventually moving up into the Remix program.

In 2016, the Prescods went through significant family changes including a temporary move to New York, and these students who had grown up in the program were no longer with us.

This past year, Ms. Leahna Sullivan, our faithful Highland Park elementary teacher of over 10 years, was driving to pick up her students when Leon saw and recognized her. Leon, who was now older, much taller, and with dreads hanging from his head, approached her saying that he wanted to come back to the Learning Center.

Upon further conversation, not only did Leon want to come back, but his little brother, Lionell, also wanted to be in the program again. During a meeting with them and their mother, they shared that they had been spending their days in their room doing nothing and realized that they want to actually do something with their lives. Leon is now in the program with one year left of high school and is pursuing a career in graphic design. Lionell, with three years left of high school, is learning computer programming from a mentor and is going to apply for CodeRVA, in hopes to program his own video game one day.

It is amazing and encouraging that when these students were sitting in their room doing nothing, Youth Life came to mind as a place that would change that.

Leon Prescod in 2009

Delmont Learning Center

MISS LEXI & CADARAH

Each Tuesday afternoon a similar question is asked by fourth grader, Cadarah Williams. "Is Miss Lexi coming today?". The confirmation of her mentor's attendance leads to a shout of glee and the anticipation of Miss Lexi's arrival. Alexis Olney, also known as "Miss Lexi" has been mentoring Cadarah since February of 2016. She graduated in May with a bachelor's degree from University of Richmond in May with accounting as her major and film studies as her minor.

Cadarah's relationship with Miss Lexi has been a comfort and encouragement the past three and a half years. Lexi is a dedicated mentor that cares for Cadarah so well with her words and actions. There have been numerous occasions when Lexi has stayed late to help Cadarah finish her homework, which meant the world to Cadarah. It's quite obvious to anyone at the Learning Center that Lexi cares deeply for Cadarah, but when asked how she knows Miss Lexi cares for her Cadarah simply stated "because she comes to the Learning Center to help me every week." Lexi's dedication and consistency has clearly made a deep impact on her mentee. Not only does Lexi attend her weekly mentoring sessions, but she has also taken additional time to hang out with Cadarah outside of Learning Center hours. This strengthened her bond with Cadarah and has created a foundation of trust between them. Cadarah said that her favorite memory with Miss Lexi is when they went to Sweet Frog together after Learning Center.

When asked about her experience mentoring Cadarah at the Delmont Learning Center Lexi replied, "I am so grateful for my relationship with Cadarah. She and all the kids at Youth Life are such an inspiration to me. Mentoring Cadarah has truly been the best experience I have had in college."

Cadarah & Miss Lexi just before she graduated in May

Reading together in 2017

We are so grateful for the time and care Lexi has put into the past three and a half years at the Delmont Learning Center. Her sweet and patient demeanor, along with her consistency and dedication, has truly made a huge difference in Cadarah's life. We know that Cadarah will cherish the time she has had with Miss Lexi these past few years. We are so thankful for Miss Lexi and wish her the best of luck after graduation!

Partner Spotlight

VERITAS SCHOOL

Part of the vision for YLFR's volunteer program is to foster mutually enriching, cross-cultural relationships where both parties offer and receive varied perspectives. A growing partnership with Veritas has been a great example of that. Veritas is a JK-12 classical Christian school located less than a mile from YLFR's Northminster site. In 2013, the school moved to the Northside of Richmond with a desire to connect and engage with their neighbors and to be an asset to the community, including stewardship of its nearly century-old campus, hospitality to non-profits and ministries for special events, and service opportunities for students.

Throughout the years, students from Veritas have cleaned our Learning Centers and buses and assisted teachers with simple classroom tasks during the school's Day of Service. Teen leaders from Youth Life and Veritas are also working closely together to prepare for the annual Run for Mukhanyo, with proceeds going to support a Christian school in South Africa for children who've been orphaned through the AIDS crisis. Additionally, Lilli Benko, Strings Program Director at Veritas, implemented a 'pre-beginner' curriculum she created for Veritas 4th graders with the 3rd-5th graders at our Northside centers. The short-term enrichment class was designed to give a simple hands-on introduction to the violin and was received with enthusiasm by YLFR students.

Other Veritas individuals have served as after-school mentors, summer interns, and Fun Run volunteers. This past year alone, YLFR had six students, three staff members, and three parents from Veritas volunteering at our Learning Centers on a regular basis. The connections and relationships that have been built with these neighbors have been a blessing for both sides!
